

THE FORUM is considered a top priority meeting and discussion point for the technical and scientific community of maintenance and asset management, promoting sustainable solutions and a healthy business environment. The Forum will bring together people from different countries, sectors, industries, business environments and cultures.

TOPICS include the latest developments and guidelines in the field of maintenance of technical systems and manufacturing engineering, while special attention will be dedicated to Maintenance and Industry 4.0. All papers are peer-reviewed, which guarantees high quality of information and the possibility of their direct application.

We will be focused on the following topics:

- MAINTENANCE 4.0
- MAINTENANCE & RELIABILITY FUNDAMENTALS
- ASSET MANAGEMENT

CEO, SGS
Serbia

Dragan Đorđević
General Manager
PUC Belgrade waterworks and sewerage
Serbia

Keynote speeches

Pierluigi Ghione
Director, Plant Manager, Serbia at Grammer AG,
PMS Regional Coordinator SER, BUL, RUS
Industry 4.0 - Digitalization

Denise Vidovic
CxA, Vice President, Energy Testing and Balance,
Operations and Cx Programs, USA
Commissioning – the gift that keeps giving

Miloš Vasić, University of Belgrade, Faculty of
Mechanical engineering, Serbia
**Asset management implementation - realization
prerequisites of the PPP concept with prof. dr
Časlav Mitrović, mr Nada Stanojević, doc. dr Goran
Vorotović**

Prof. dr Vincenc Butala, University of Ljubljana,
Faculty of Mechanical engineering, Slovenia
**The importance of scientific journals for the
development of the industry**

14:00 – 15:00 Lunch break

15:00 – 16:30 PRESENTATIONS

Spasoje Jurišin
NIS Gazprom Neft, Serbia
**Preventive maintenance and project
economics**

Prof. dr Robert Bjeković
Hochschule Ravensburg-Weingarten, Germany
IOC: internet of composites
with Michael Elwert, Bronwyn Fox, Boris Eisenbart

Siniša Vidović
Energy Testing and Balance, USA
**Duck season is open! with doc. dr Uroš
Milovančević, Miloš Vasić**

Prof. dr Yuriy Andrianov
Volga State University of Technology, Russia
**Technological modernization of forest roads
construction**

16:30 – 17:00 Coffee break and networking

17:00 – 19:00 MIRCE Science promotion

Prof. dr Jezdimir Knezević
Founder and President of MIRCE Akademy, United Kingdom
Book "ORIGIN OF MIRCE SCIENCE"
